

FACT SHEET: CTAA's Capital Solutions for Ambulette & Paratransit Providers

If you're in the medical transportation business using ambulette or paratransit vehicles and want to improve your edge and bottom line in this growing field CTAA can help. The Community Transportation Association of America (CTAA) is a leader in providing the resources you need to succeed. Whether you have a hundred vehicles or just one, we have a place for you.

CTAA membership benefits:

- We can help you get the most cost-effective vehicles at the lowest prices with the best vehicle fleet program of its kind linked to high performance Toyota products like the Prius and Sienna as well as access to a family of accessible vehicles for passengers with special needs ranging from wheelchairs to stretcher carrier vehicles. Our fleet program includes Toyota Care to help lower your operating costs for all of our vehicles. With very tight federal assistance we're an important part of helping you meet your needs.
- Access to short- and long-term vehicle financing that rewards those with good credit history as well as helping those who are just starting out or who need a second chance.
- Access to a full range support services like our national insurance exchange, driver background check and fleet fueling programs.
- The ability to obtain a full range of discounted accredited training and educational programs that help you achieve the highest standards of quality services and provide ways to make your service the safest. Programs like our PASS certification.
- Our team of medical transportation advisors are available to members to help design a better approach to your business big or small, ways to improve your standing with intermediaries, transportation brokers, insurance companies, the health care community and of course especially your passengers. Member discounts for these activities are also part of our services to those in the field of medical transportation using our specialized fleet vehicles.
- Be part of a network of thousands of similar transportation providers who share valuable insights and experiences both at our annual Community Transportation EXPO conference and other networking opportunities.

For more information about being a member and our range of services designed specifically for ambulette and paratransit transportation programs call CTAA Membership Director Caryn Souza at 202.294.6527 or visit us at www.ctaa.org.

For information just about our fleet programs; our family of vehicle options, their costs, our financing' Toyota Care or our Rebate Program call CTAA Technical Specialist Bob Carlson at 202.415.9661 or visit the Capital Solutions page at www.ctaa.org/capitalsolutions.
