

always out front of the transit industry

Cobbs Allen is recognized as one of the top 100 corporate insurance brokers in the country. Cobbs Allen's mission is to always be out front for our clients by providing the passenger ground transportation industry the best in risk management and insurance solutions.

Understanding your industry has specialized areas of concern means we do not use a "one size fits all" approach. Our risk management consultants implement "Best Practices" and continuously seek new ideas and innovative solutions to address the complex issues and operational risks the passenger ground transportation industry faces. At Cobbs Allen, we have passenger ground transportation industry veterans with extensive knowledge and experience to assist clients operating both large and small fleets. They add value by coordinating Cobbs Allen-managed offerings such as: mock audit inspections, driver training, and loss analysis.

We are able to drive better coverage and negotiate rates through our relationships with our carrier partners. In the event of a loss, our in-house claims experts are committed to expedite getting you back up and running. All of Cobbs Allen's services are designed to help our clients prevent and reduce the impact of future losses. Our goal is to make sure your fleet safety program continues to be "Best in Class."

Always out front means that Cobbs Allen goes the extra mile for you – obtaining competitive quotes for coverage and handling claims problems is only a small part of what you should expect from your broker. We
